

Your name: _____ Your address: _____

Clues are all about plants in the front yard. The plants have labels with numbers.

A. A plant has recently had most of its leaves eaten by deer.

- What's its number? _____ **6**

B. A plant growing close to the ground has small red berries. You may find larger berries with the same name at a store or fruit stand.

- What's its number? _____ **3**
- What's its name? **[WILD] STRAWBERRY**

C. Find another plant with red berries.

- At what time of year might it be used for decorations?
CHRISTMAS, WINTER SOLSTICE, ...
- What's its number? _____ **1**
- What's its name? **HOLLY**

D. Find the plant near the steps to the porch that is tall and has deep purple flowers. Another plant of the same type elsewhere in the front yard is much smaller and a different color.

- What's its number? _____ **4**
- What color is the plant? **WHITE** (Name: Buddleia, Butterfly Bush)

E. "Parsley, sage, rosemary, and thyme" are words from a popular song. Can you find two of these plants? Which numbers do they have?

- Number _____ **5** (Thyme)
 - Number _____ **2** (Sage)
-
